CONTE MARINO VILLAS, A MASTERPIECE HIDE AWAY RETREAT THAT WILL RE-DEFINE YOUR CONCEPT OF COMFORT & PRIVACY

Take a journey with us, into a world of chic luxury, privacy and mesmerizing beauty at Conte Marino Villas, three exclusively built independent masterpieces designed by visionary architects Aristomenes & George Baroudakis.

Strategically situated in Kontomari, a quaint and peaceful village in the area of Platania in Chania, West Crete, Conte Marino Villas encapsulate the essence of traditional Cretan architectural building in today's modern world. Meticulously combining stone, marble, wood, glass, earth and metal, we have invited nature in, so that indoor and outdoor become one co-existing in harmony and peace. Such achievement in design, paired with furnishings hand selected and exclusively designed by interior decorators, luxurious bedding, and modern appliances throughout, set Conte Marino apart as the ultimate get-away destination in Crete.

Privately surrounded by stone-walled courtyards, the Villas overlook the panoramic Cretan hills, vast olive and orange groves and the white Cretan Mountains. Reflective of this view, the Villas are built transparently with rich stone and flooded with natural light creating a peaceful ambience within. The ultimate place to relax and reflect. Our Villas offer anonymity, tranquility and beauty, all at your doorstep. Ideal for families, couples, or business travelers with escape in mind all year round.

At Conte Marino, our aim is to ensure that your visionary senses are inspired through intricate attention to detail. Even more importantly, that your highest expectations during your stay in any of our three exclusive Villas are met and surpassed, effortlessly.
