A photograph of a resort poolside at dusk. The scene is illuminated by warm lights from the pool and lounge area, contrasting with the cool blue tones of the twilight sky. Several tall palm trees stand prominently, their fronds silhouetted against the sky. In the background, a calm sea stretches to a distant, hazy coastline under a soft sunset glow. The pool's surface is dark and reflects the lights and the surrounding environment.

Take a journey with us, into a world of chic luxury, privacy and mesmerizing beauty at Conte Marino Villas, three exclusively built independent masterpieces designed by visionary architects Aristomenes & George Baroudakis.

Strategically situated in Kontomari, a quaint and peaceful village in the area of Platanias in Chania, West Crete, Conte Marino Villas encapsulate the essence of traditional Cretan architectural building in today's modern world. Privately surrounded by stone-walled courtyards, the Villas overlook the panoramic Cretan hills, vast olive and orange groves and the white Cretan Mountains.
